Breed Watch Category	1
Breed	

This tally sheet assists judges in recording health observations during their appointment. While there are no breed-specific points of concern for Category 1 breeds, general prompts are included. Judges should monitor entries for emerging health or welfare concerns and may disregard points irrelevant to the breed being judged. This sheet is an optional aid that does not need to be returned and does not replace the mandatory online form. Please complete the online form at <https://bit.ly/3YcHd7D>.

Observed health concern	Tally	Total
Movement - Irregular and uneven gait, including lameness, hopping, etc.		
Movement - Movement impeded by coat		
Ears - Redness and/or discharge
