

## Annual health report 2024

### Hip scores by breed

Data Calculated to 31/12/24

The following is an annual summary, covering all breeds which have had at least one dog scored, using data from the current approximated breeding population (data from dogs scored in the last 15 years only). By representing dogs scored in the last 15 years, a more accurate reflection of each breed's current state of health and improvement is given. The 5-year median here refers to dogs scored between 1st January 2019 and 31st December 2024. The data reflects Kennel Club registered dogs only. Where results do not exceed 10 dogs tested within a given time period mean and median analysis are not provided due to insufficient data.

Breed	Tested 15 years	Tested 2024	15 years				5 years	
			Mean	Min	Max	Median	Mean	Median
Affenpinscher	27	0	17.7	8.0	90.0	13.0	N/A	N/A
