ELIGIBILITY AND SCHEDULE OF CLASSES

ELIGIBILITY

1. In the following definitions of classes first prize wins in limited show obedience classes and open shows confined to one breed do not count for entry in open, premier or championship show obedience classes but do count for eligibility at limited obedience shows or open shows confined to one breed.

2. Dogs are ineligible to compete at limited and match competitions which have won an Obedience Certificate or obtained any award that counts towards the title of Obedience Champion under the rules of any governing body recognised by The Royal Kennel Club. Obedience Champions are only eligible to compete in Class C at open, premier and championship shows.

3. A dog not qualified to enter Championship Class C must be entered in the lowest available class for which it is eligible and may also be entered in another class if desired plus one additional class at the society's discretion. Only qualified dogs may be entered in Championship Class C and these dogs may also enter Open Class C and one additional class at the society's discretion. (Note the qualifications for Championship Class C and Obedience Warrant.)

Exemptions from this regulation are:-

A dog entered in a Good Citizen Dog Scheme Special Pre-Beginner Obedience Stakes Class or

A dog entered into a Young Kennel Club (YKC) obedience class which may also be entered in a maximum of two other scheduled classes (including YKC classes) for which it is eligible or

A dog only entered in a special class (or classes) provided such a class (or classes) are defined in the schedule. Such entries must be made in line with the show's closing date for entries.

4. *Progression on wins.* Progression from each class will be determined by the eligibility for the class as referenced in Regulations G(A). To count for progression wins must be gained in standard classes at Royal Kennel Club licensed Open, Premier or Championship Obedience shows. A first place will count towards progression.

5. *Progression on points.* At the handler's discretion a dog may progress up to the next class, up to and including into Open Class C, by gaining points at each level, using the Obedience Excellent scale of points scheme as follows:

- Ten points for first prize
- Four points for second prize
- Two points for third prize
- One point for fourth prize

If this method of progression is selected, the handler must ensure the show secretary/chief steward signs the dog's Obedience Record Book at the first show entered in the higher class. There is no time limit on this progression, however, once

a dog or handler has progressed, they cannot return to the class that they progressed from. All wins and places to fourth since 1 January 2019 can be included when calculating points. Points are specific to a particular class and cannot be used against a lower or higher class.

Points required for progression on points are as follows:

1. 10 points required for progression from Introductory
2. 20 points required for progression from Pre-Beginners.
3. 20 points required for progression from Beginners.
4. 20 points required for progression from Novice.
5. 30 points required for progression from Class A.
6. 30 points required for progression from Class B.

6. Progression may be on wins or on progression points and the handler may select their preferred means of progression on a class by class basis. A class will be won by the dog that has lost the least number of points in the test, unless otherwise stated for special classes.

7. *Obedience Record Book*. Any handler wishing to progress on points must have an Obedience Record Book as evidence of points gained at eligible shows and which must be available for inspection by the show management and/or the judge on the date of any competition entered by the owner/handler. This must include details of any wins, and any points, that allow for progression. Details will include the show date, name and type of show (Open, Premier, or Championship), judge, class, placing and points.

- (5) Multi-choice Class - The duration of the test to be no more than two minutes with the heelwork at two paces – the handler to choose which two of the three paces (slow, normal and fast) they wish to perform and to advise the judge accordingly. The permitted turns for the test will be the same as for Novice.
- f. Recall-
- (1) Pre-Beginner Class to Novice: At the start of the exercise the dog should be in the sit or down position (handler's choice of position) at the handler's left side. - b) 'Finish' – on lead dog sitting in front of the handler, on steward's command, handler directs the dog to heel and finish in a sit, whilst keeping feet still. The steward will say 'end of test' 2 points

At the start of the exercise the dog should be in the sit or down position (handler's choice of position) at the handler's left side on or off a long line (handler's choice). On command, the handler shall leave the dog in the direction instructed. When instructed, the handler will halt and then turn to face the dog. When instructed, the handler will recall the dog, which must return briskly to the handler. A present is not required, but will not be penalised. The steward will say 'end of test' 6 points
- (3) Class A: The handler will be instructed to leave the dog in the sit or down position (handler's choice of position) and walk away from the dog. Upon further instruction, whilst the handler is walking away from the dog, the handler shall command the dog to come to the heel position and continue the heelwork until instructed to stop. The point at which the dog is called to heel and the halt point shall be the same for all dogs. After calling the dog to heel at no time shall the handler walk directly towards it.

- (4) Multi-choice Class: After rewarding the dog following the send away, the handler will put the dog into a sit or down position (handler's choice of position) and leave the dog. On command, the handler is to recall the dog in a straight line, at the handler's choice, by:
 EITHER
 halting and turning to face the dog then recalling and the dog to sit in front, all on command (no finish is required)

The dog should move out promptly at a smart pace to collect the dumb-bell/article cleanly. It should return with the dumb-bell/article at a smart pace to the 'present' position and sit. On command the handler should take the dumb-bell/article from the dog. On further command the dog should be sent to heel.
- (2) Multi-choice Class. The handler will choose either a directed retrieve or retrieve a dumb-bell over a jump as detailed below.

At the start of the exercise the dog to sit at the handler's side, at a distance of at least six metres from the point where the middle dumb-bell will be placed. A steward to place the three dumb-bells, equally spaced, in a row approximately six metres long from end to end, with the handler's dumb-bell always placed first. The handler's dumb-bell to be placed on either the left or the right end and the show society's dumb-bells in the middle and at the remaining end. On command the handler to direct the dog to the dumb-bell to be retrieved. The dog to set out promptly at a smart pace, collect the correct dumb-bell cleanly and return to sit straight in front of the handler. On command the handler to take the dumb-bell from the dog. On further command the dog to be sent to heel.
- b. Retrieve over a jump - At the start of the exercise the dog to sit at the handler's side, in front of the hurdle, at a distance decided by the handler. On command the handler to throw a dumb-bell or other suitable article of their choice over the hurdle. The dog to remain in the sit position until the handler is instructed to send it over the hurdle. On command the dog to jump over the hurdle, collect the dumb-bell/article cleanly, and return over the hurdle to sit straight in front of the handler. On command the handler to take the dumb-bell/article from the dog. On further command the dog to be sent to heel.
 A dog running round the hurdle or making more than casual contact with the hurdle must be penalised.

Hurdles to be 30.5cm (12ins) in height for smaller dogs – 40.6cm (16ins) or less at the withers – and for all sizes of veteran dog (i.e. aged over 8 years), and to be 61cm (24ins) in height for all other dogs. To be filled in from ground level upwards such that a dog on one side is unable to see a retrieve article on the other side. Hurdles should be at least three feet wide, with side supports appreciably higher than the filled in part which the dog is to clear; they should not have 'wings'. Hurdles should not collapse and should not be able to be displaced by the dog.

 - (i) Class A - The 6 cloths must be set out in a straight line, which may be in any direction.
 - (ii) Class B and C - The pattern of cloths is at the judge's discretion, with a minimum of 6 up to a maximum of 10 being used.

- (6) Method of taking scent in Class C – Scent must be given directly to the dog via the cloth provided by the judge. It is not permissible to throw or place this cloth on the floor prior to or during the giving/taking of scent. In addition the judge shall not be required to place his hand on or lean towards the dog.
- (7) Decoy stewards must not handle a cloth for longer than the handler in Class B, or the judge in Class C. Cloths must be stored out of reach of the dog whilst not in use.
- (8) Any cloth which in the opinion of the judge has been sufficiently fouled in any way so as to disadvantage other competitors must be replaced by a fresh cloth.
- (9) At the commencement of the test the dog must be brought to a designated point. The dog must be facing away from the cloths while scented/decoy cloths are placed in position. When the cloths have been placed, the handler must give the dog scent, stand up straight facing the scent area with the dog in the sit position at the handler's left side and send the dog on command from the judge or steward to find the correct cloth. The dog, on finding the correct cloth must then complete the test as for the Retrieve Test.
- (10) Limiting the time for this test is at the judge's discretion.

When commanded the handler shall instruct the dog to change position on six occasions (the order for each dog shall be the same). The position from which the handler commands the dog must remain the same. Upon completion of the position changes the handler upon instruction will return to the side of the dog and upon a further command 'test finished' will break the exercise.
 - (2) Movement in any direction of more than the body length of the dog must be penalised.
