Planning for growth and success in 2025

Building on the foundations of change

Kennel Club Chairman, Tony Allcock OBE writes: "As we reflect on 2024, we recognise it as a pivotal year in our transformation - a year in which we began redefining who we are and what our community truly needs from us. As we continue to navigate this period of change your support and patience continue to be instrumental and for that, we extend our heartfelt thanks. [Continued on page 2](#)

Planning for growth and success in 2025

Continued from page 1

We look forward to 2025 with optimism and purpose, ready to build on the strong foundations laid this past year. Our focus is clear: fostering growth to ensure that we not only survive but thrive in an ever-evolving world.

The ways in which people breed, buy, and interact with dogs are changing, and we recognise that we are not viewed as relevant by a significant portion of dog owners.

We are confronting serious financial challenges that cannot be ignored. While we have taken important steps - such as generating new income through the rental of parts of our Aylesbury and Clarges Street spaces and reducing costs where possible - these measures alone are not enough.

Rebalancing the financial equation will be a central focus in 2025. It is only by addressing this challenge head-on and making our offerings more relevant to a broader audience, that we can secure the sustainability of our critical work in health, events, and member services - and safeguard the future of our organisation.

The changes made in 2024 are a first step toward growth, relevance, and financial sustainability. There will be

more to come. Without such change only an uncertain future remains.

2024: A year of reckoning and renewal

This year, we've made significant strides in improving customer experience, earning continued top ratings on major online approval platforms. These efforts go beyond maintaining strong ratings - they strike at the core of how we operate and serve our community. Our organisational redesign saw us reduce duplication, reduce delays, and increase efficiency, enabling us to respond with greater agility. This process saw new and existing colleagues move into newly created roles. However, after extensive consultation and exploring opportunities for redeployment, we also saw the regrettable departure of some of our respected colleagues.

We have increased our focus on automation including online 'Change of Ownership' and a 'Live Chat' function for Petlog has streamlined operations and improved service quality. This is bolstered by a more tailored approach to supporting our community with the launch of the Regional Support Network. This is complemented by the launch of our Judges Education Programme (JEP) which better enables judges to access resources and information, creating a seamless experience. Digitisation has become the norm, and The Kennel Club is no exception, as we move toward a more agile and sustainable future we took the first step in digitising awards certificates, field trial certificates, and export certificates. This not only aligns with modern needs but also provides greater convenience for our customers with reduced wait time for documents and enables us to deliver

a better customer service experience, whilst simultaneously delivering cost efficiency. These cost efficiencies were necessitated by a 20% reduction in registration volumes, which are largely beyond our control. It is evident that we must critically examine all costs and pursue further efficiency improvements in 2025.

Our commitment to dogs and their owners remains at the core of who The Kennel Club is and what we all strive to deliver; 2024 was no different. Our webinars have reached tens of thousands of dog owners, and we seek continuous improvement in breeding practices. Following extensive

review, we've introduced new initiatives to support breeders, particularly those prioritising health testing through numerous updates including to Find a Puppy (see next page).

Regrettably 2024 was marred by unacceptable attacks on the volunteers and staff who are the backbone of The Kennel Club. These actions have had a damaging and far-reaching impact. We will not tolerate such behaviour - words and actions matter, and we urge everyone to reflect on the consequences of their behaviour.

In 2025, we are committed to upholding the standards of a 150-year-old organisation, with transparent communication and unwavering support for the majority, who embody kindness, respect, and excellence - qualities that far outweigh the actions of a disruptive minority.

2025: A year of transformative impact

As we step into 2025, The Kennel Club stands ready to embrace transformative change - essential for securing a sustainable and

Planning for growth and success in 2025 - continued

brighter future. This year's priorities include reinforcing our commitment to responsible breeding, empowering puppy buyers with informed choices, and underscoring the importance of health testing. By improving our resources and signposting, we aim to solidify our role as a trusted authority in the dog-owning community.

The organisational changes of 2024 have laid a foundation for continued evolution. Enhancing our digital processes and website will create seamless interactions for those who engage with us. Beyond operational advancements, we are exploring new opportunities to grow our reach and relevance, leveraging our trusted brand and rich heritage. By reinvesting every financial gain back into dogs, we ensure purpose-driven growth that benefits dogs and their owners alike.

Guided by our new brand manifesto and values (see text box on right), the Unleashing Potential programme will define 2025. This initiative heralds meaningful change that secures our mission's future while improving the lives of dogs and their owners.

We stand at a pivotal moment in our history - a moment demanding bold action, unity, and a shared commitment to shaping a Kennel Club that endures. This year is not only about achieving goals but about how we achieve them.

Our values of respect, transparency, growth, and excellence must guide everything we do. Together, we can foster collaboration and innovation, creating a Kennel Club family that inspires pride and dedication. Every interaction, event, and initiative should reflect the passion that sets us apart.

This is our moment to inspire new members, strengthen loyalty, and secure our place in the hearts and minds of dog lovers everywhere. The future of The Kennel Club depends on all of us. Let's

"We stand at a pivotal moment in our history"

✓ *We put dogs first. We strive to be their best friend, championing excellence and working tirelessly to ensure every dog lives a healthy, joyful life. Returning their love and trust underpins everything we do.*

✓ *We put dogs first. We always take the dog's point of view. We aim to be a dog's best friend.*

✓ *We set the standard. We take responsibility to do things right. We champion excellence.*

✓ *We want every dog to live a healthy and joyful life.*

✓ *We owe it to them for the joy they bring us and the bond they make with us.*

✓ *Returning their love and trust underlies everything we do.*

Because it's all about the dogs. Always has been, always will be

seize this opportunity to build a legacy of excellence and purpose that will define generations to come.

Responsible breeding bolstered by new registrations structure

Following an extensive review of its registrations model, which included the closure of the Assured Breeders scheme, the Kennel Club has introduced a number of features within its registrations services that will support and signpost to those who are following best breeding practice, across a wider number of registrations.

The changes aim to influence all breeders for the benefit of more dogs, moving beyond the 10 percent of Kennel Club litters provided by those in the Assured Breeder Scheme. Furthermore, as the vast majority of breeders who register with The Kennel Club breed one litter a year (80 percent), with an increasing number breeding just once every five years, there was a need to provide broader support, education and resources for every level of experience and, to more

clearly signpost to a broader spectrum of responsible breeders.

The Health Standard is one major new initiative, developed using extensive science and engagement with breed communities, which describes health testing priorities within each breed. It aims to provide education and guidance to buyers and breeders and increase the overall uptake of health testing prior to breeding. Furthermore, breeders who are using the new Health Standard and completing the health testing advised, will also be prioritised and signposted on the enhanced Find a Puppy platform.

These changes have been accompanied by the launch of the free online puppy pack, which helps to guide puppy buyers and breeders about good practice, and a new Welfare Standard, which consolidates expectations and legal obligations around best breeding practice into one document.

These are the first step in the journey and other steps will come into place this year, to support and signpost to those who are breeding responsibly, and to encourage improved breeding practices."

Crufts entries closing date extended

The closing date for online entries for Crufts 2025 has been extended until 11.59pm on Sunday 2 February, for dogs which have qualified for the show. Postal entries have already closed.

The venue will be the NEC Birmingham, and the Terrier and Hound groups will be shown on Thursday 6th March; Utility and Toy on Friday 7th, Gundogs on Saturday 8th and on Sunday 9th, Working and Pastoral groups.

Helen Kerfoot, Crufts Show Manager, said: "The Crufts Committee has agreed

to extend the closing date for online entries for this year's show by two weeks. Please note that this deadline will not be extended any further.

"We are very much looking forward to welcoming our exhibitors to Crufts and urge them to get their entries in as soon as possible, any entries received after the original deadline of 20 January will be subject to a £2 surcharge as outlined in the schedule."

The Crufts schedule is available at crufts.org.uk/entries where entries can be made online. To find out more about Crufts and for tickets to the show, visit crufts.org.uk

The Kennel Club is also calling for anyone competing at Crufts – in any activity or discipline – to help to promote the benefits of dog ownership, dogs in society and taking part in

canine activities. It is looking for inspiring dogs and owners with interesting stories that it can communicate to the media in the run up to Crufts and during the show itself.

To give competitors at Crufts the potential opportunity to tell their dog's story to the wider world, The Kennel Club has set up an online form, which can be filled in by visiting crufts.org.uk/crufts-stories/

The Crufts schedule is available at crufts.org.uk/entries

The Kennel Club launches comprehensive JEP Breed Shows online platform

The Kennel Club has announced the launch of its comprehensive online platform - the Judges Education Programme (JEP) Breed Shows.

The Judges Education Programme Breed Shows online platform allows judges to easily upload their information, access essential educational resources, and stay current with the latest requirements and developments in breed judging. With this new system, breed clubs will no longer need to maintain their own A1/2/3, B and C judging lists. Instead, all individual judges will upload their information and experience on the JEP Breed Shows platform.

Developed and enhanced over several years, the Judges Education Programme (Breed Shows) supports the education, approval and listing of every breed show judge. It caters to everyone from aspiring judges who have yet to step into the ring, to open show judges, those awarding Challenge Certificates and judges of championship show groups and Best in Show. It will also benefit show secretaries searching for judges, as all judges from levels 1-6 will be listed in one place on the Find A Judge section.

At the end of last year, more than 500 judges, exhibitors, clubs and other enthusiasts attended online webinars that showed the benefits and provided a

walk-through of the new online platform for all levels of judges addressing any concerns and answering questions. For those judges who could not attend, The Kennel Club team was at Manchester Championship Dog Show last month offering demonstrations and guidance.

Helen Kerfoot, Chief Canine Health, Events and Activities Officer said: "We are pleased to finally announce that the JEP Breed Shows online platform is now available for all judges. This platform is an exciting step in a new direction, designed to streamline your experience by allowing you to easily upload your information and access all necessary resources to support your judging journey. With everything in one place, staying informed and up-to-date has never been easier for both judges and show secretaries looking for judges.

"We'd like to thank all judges, Breed Education Co-ordinators and enthusiasts who attended the webinars on the new JEP Breed Shows online platform. We appreciate

that we are entering a new chapter of the UK dog judging system and it may take some time for judges, clubs and aspiring judges to upload their information and adjust to

the new system. It's a good time to get involved with many spending more time inside due to the dark nights and winter weather. Going forward, we hope judges embrace these changes and look forward to working with judges of all experience in one place."

Accessible through a Kennel Club account, the JEP Breed Shows platform can be reached via thekennelclub.org.uk/JEP, selecting 'Judges Education Platform' from the column on the left of your

dashboard once logged in.

Ahead of the launch, all the data that could be matched has been imported. However, as some records date back to 1999 and certain judges may not yet have an account with The Kennel Club, this might mean that some judges are initially unable to locate their information of the following: Requirements of a Dog Show Judge, Conformation and Movement and Points of a Dog. To ensure we can support our customers effectively, The Kennel Club is asking that if you notice any missing seminars, please complete the online form with the date of the seminar, instructor and which one it was. A member of the team will be on hand to assist you and let you know once resolved.

"With everything in one place, staying informed and up-to-date has never been easier"

Responsible breeding bolstered by new Kennel Club registrations structure

Following an extensive review of its registrations model, The Kennel Club will be introducing a number of new initiatives that will support and signpost to those who are following best breeding practice, across a wider number of registrations.

The launch of the Health Standard, which has been developed following consultation with Breed Health Coordinators, will be accompanied by other complementary steps to promote good practice, and in particular, to increase the overall uptake of health testing prior to breeding.

The changes aim to influence all breeders for the benefit of the wider population of dogs, moving beyond the 10% of Kennel Club litters bred by those in the Assured Breeder scheme, which will close at the end of 2024.

With the vast majority of breeders who register with The Kennel Club breeding one litter a year (80%), and an increasing number breeding just once every five years, there was a need to provide broader support, education and resources for every experience level and to signpost more clearly to a broader spectrum of responsible breeders.

New Health Standard

The Health Standard, developed using extensive scientific research and breed community input, describes and improves awareness about the health testing priorities for every breed, for all breeders and puppy buyers.

The priority level assigned to a health test has been simplified into two categories – voted by Breed Health Coordinators to be named ‘good practice’ and ‘best practice’. The priority assigned to any given health test is

based on data, collated over the past decade as part of the Breed Health and Conservation Plans – a document where health test prioritisation can change as new evidence and trends about diseases emerge. The Health Standard will be available on The Kennel Club website Breed A to Z pages and within the dog profile section of customer online accounts. For further information on the Health Standard see [here](#).

Find a Puppy – a tiered approach and clearer signposting towards responsible breeders

Breeders who are using the new Health Standard and completing the health testing advised will also be prioritised and signposted to on the enhanced Find a Puppy listing.

The Health Standard will be the anchor for how litters will be prioritised on Find a Puppy searches in the future, and for how the health status of parents of litters are described - with symbols against each litter clearly describing the health testing that has been carried out on parents, and whether the parents meet the good or best practice levels of health testing relevant to the breed.

The below health related prioritisation order will be applied in breed searches:

1. Good and best practice both fully met – pups where both parents meet the criteria come first, followed by just the dam, followed by just the sire. In

- The Kennel Club launched its Health Standard on 15 January, promoting breed-relevant health testing for breeders of all levels of experience

- Find a Puppy and Health Test Results Finder updated to give puppy buyers clearer signposting to health tested dogs and their results

- Welfare Standard introduced, pledging to ensure quality of life and support best breeding practice

each scenario breed standard colour litters will appear first before non-breed standard.

2. Good practice fully met – pups where both parents meet the criteria come first, followed by just dam, followed by just the sire. In each scenario breed standard colour dogs appear first before non-breed standard.
3. One or more health test taken, but good practice standard is not met – pups where this is the case for both parents come first, followed by just the dam, followed by just the sire. In each scenario breed standard colour dogs appear first.

This is the first step in the journey and other steps will come into place this year to support and signpost to those who are breeding responsibly, and to encourage improved breeding practices.

Digital puppy pack

In addition to ensuring that education and signposting around health testing is improved, it is also important that puppy buyers and breeders continue to

[Continued>>](#)

The changes aim to influence all breeders for the benefit of the wider population of dogs

News from The Kennel Club

Responsible breeding bolstered by new Kennel Club registrations structure - continued

recognise and understand what buying and breeding a puppy responsibly means and what good practice looks like, at every stage in their journey. The recently launched online puppy pack is just one additional feature to litter registration that will help in this regard.

Welfare Standard

Additionally, the new Welfare Standard consolidates expectations and legal obligations around good welfare and husbandry when breeding, into one document. It asks breeders to commit to providing the best possible quality of life for dogs, based upon the 5 Freedoms in the Animal Welfare Act. It combines the expectations laid out in the current Code of Ethics, alongside a description of, and signposting towards, a breeder's legal obligations. These will be combined with a list of The Kennel Club's own rules and regulations at the point of registration (B regulations).

The Welfare Standard is intended to highlight best practice for owners and breeders and will guide breeders in making the right choices, especially when breeding a first litter. For further information on the Welfare Standard, see here.

"We will be communicating separately with Assured Breeders as the scheme comes to a close"

Bill Lambert, Health, Welfare and Breeder Services Executive at The Kennel Club, said: "At the heart of these new initiatives is our commitment to seeing the best practice shown by Assured Breeders adopted by a greater number of breeders. We want to see everybody registering with The Kennel Club supported to breed responsibly and making the best choices for their dogs.

"We are introducing a number of measures to achieve this, built on research insights gathered over recent years and we thank our knowledgeable breed communities for their crucial engagement throughout. "A fundamental part of this is increasing awareness and understanding about health testing tools, to increase uptake of, and demand for, health-tested puppies. The Health Standard, built upon world-leading scientific data with valuable insights from breed club communities, is an important step on this journey for us, and will be embedded across all that we do. We are supporting this with clearer signposting around health testing and breed standard colours to help puppy buyers find a well-bred puppy across all registrations.

"We will be communicating separately with Assured Breeders as the scheme comes to a close. We thank every person who has demonstrated levels of best practice to enable them to be part of this scheme. Embedding core elements of the scheme – supporting and signposting to responsible breeding across all registrations, for the benefit of all – has been central to these developments and will continue to be central to our evolution as we move into 2025.

"Our emphasis on embedding education into every stage of a breeder's and buyer's journey demonstrates a forward-thinking approach to improving welfare, transparency, and responsible ownership. The integration of tools like the Find a Puppy signposting, digital puppy pack, and new Welfare and Health Standards creates a cohesive system aimed at creating better outcomes for dogs, breeders, and buyers alike."

Agility winners crowned at London International Horse Show

Dogs and handlers have been crowned in a number of agility competitions hosted by The Kennel Club at The London International Horse Show, which took place from 18-22 December. The event showcased the skill and teamwork of dogs and their handlers, with winners awarded across ten competitions. Several of these winners have also secured their place at Crufts 2025, taking place next month.

The London International Horse Show, held at ExCeL London, featured the highly anticipated Kennel Club Agility Stakes finals, sponsored by Skinner's. Renowned as some of the most prestigious agility competitions globally, the finals brought together the year's top-performing dogs and their owners, who competed in five categories: small, medium, large, intermediate, and large ABC (Anything but Collie).

The New Horizons Plastics London Arena saw the exciting Crufts semi-finals, sponsored by Agria, with dogs putting their best paw forward to gain a spot in the final, held at the world's greatest dog show, Crufts, in March 2025.

The New Horizons Plastics London Arena also hosted the finals of the Discover Dogs Small/Mixi Pairs Challenge and The Kennel Club Starters Cup.

Ben Skinner, of Skinner's, the sponsor of The Kennel Club Agility Stakes, commented: "We're thrilled to support all the talented dogs and their handlers who participated in this year's Kennel Club Agility Stakes. It's a privilege to be part of a competition that showcases exceptional agility and dedication. We wish all the teams continued success."

Catherine Guiver, Head of Events at The Kennel Club, said: "Congratulations to all the competitors and their dogs for their outstanding agility performances during this year's event. The incredible level of skill and teamwork demonstrated is truly something to celebrate, and we're proud of everyone who has been part of this fantastic journey. We look forward to welcoming many of you to future Kennel Club competitions - and of course Crufts - in 2025!"

The winners of The Kennel Club Agility Stakes were:

SMALL Martin Reid with his Shetland Sheepdog, Ag Ch Get It With Eager To Work (Selfie), from Leamington Spa.

INTERMEDIATE Naarah Cuddy with her Border Collie, Runbye Goin Bananas (Banana), from Leamington Spa.

LARGE Dalton Meredith with his Border Collie, Ag Ch Fandabidozi Eclipse Of Dust (Eclipse).

LARGE ABC Connie Sellers-Lane with her Labrador Retriever, Jonanelle Delta Queen (Remi), from Gloucestershire.

MEDIUM Liz Carpenter with her crossbreed, Ag Ch Moseleywood Maggie AW(P) (Maggie), from Wiltshire.

Naarah Cuddy with Banana, won the Agility Stakes Intermediate

Liz Carpenter with Maggie, won the Agility Stakes Medium.

The winners of the Crufts Semi-Finals were:

MEDIUM NOVICE ABC Michael Green with his Cocker Spaniel, Tufted Born To Be Wild (Bebe) from Southampton.

INTERMEDIATE NOVICE ABC Sabina Wallace-King with her Retriever, Decoymans Piper Jack Flash AW(G) (Mac), from Durham.

LARGE NOVICE ABC Gemma Miles with her Belgian Shepherd (Malinois), Sheeza Dark Deity (Nyx), from Derbyshire.

Sabina Wallace-King with Mac, won the Crufts semi-finals Intermediate Novice ABC.

The winners of The Kennel Club Starters Cup Final were:

SMALL Sarah McLean with her Cocker Spaniel, Soxnizz Twix Of Fate (Twix), from Cheshire.

MEDIUM Brian Hair with his Cocker Spaniel, Devongem Shadow Chaser (Sonic), from Bolton.

INTERMEDIATE Lisa Bailey, with her Border Collie, Newbold Esme At Castomya (Esme), from Basildon.

LARGE Abs Whittington with her Border Collie, Make a Dash For It (Dash), from Godshill.

THE WINNERS OF THE DISCOVER DOGS SMALL/MIXI PAIR CHALLENGE FINAL WERE:
Bryony McDonald with her Working Cocker Spaniel, Spritzig Playing With Fire (Flikka) from Peterborough, and Laura Warwick with her Cocker Spaniel, Midnight Transience (Sakura), from Nuneaton.

More information and a full list of results are available at thekennelclub.org.uk/agilityLIHS

For handlers interested in getting started in agility with their dog, The Kennel Club has created a guide which can be found online at thekennelclub.org.uk/newtoagility

New research explores respiratory health of Boston Terriers

New research analysing the breathing function in Boston Terriers has been published last month, as part of a wider commitment to understanding and improving the health of brachycephalic (flat-faced) breeds.

Conducted by the BOAS Research Group at the University of Cambridge and led by Dr Fran Tomlinson, the research examined factors contributing to the risk of brachycephalic obstructive airway syndrome (BOAS) in Boston Terriers, a respiratory disease which is linked to some flat-faced breeds.

The study, which was funded by The Kennel Club Charitable Trust, found that 62.5% of Boston Terriers were unaffected by BOAS, with key risk factors for BOAS in the breed including stenotic nostrils, facial foreshortening, abnormal scleral show (eye appearance), and a higher neck-to-girth ratio.

Dr Jane Ladlow, who is part of the research group at the University of Cambridge, commented: "Boston Terriers are brachycephalic, which is why they were included in our research alongside other breeds. While the findings

confirm that Boston Terriers are affected by BOAS, they are less severely impacted than some of the more popular flat-faced breeds.

"However, it confirms the need to follow the example of responsible breeders who prioritise health in their breeding decisions. By selecting dogs with better respiratory function and less extreme conformational traits, breeders can significantly improve the welfare of this breed.

Continuing to collect data on BOAS is also essential for helping owners understand their dog's respiratory function."

Charlotte

McNamara, Head of Health at The Kennel Club, added: "This research, funded by The Kennel Club Charitable Trust, enables us and all those who care about protecting and improving Boston Terrier health to understand more about these

complex issues and take action. With the risk factors for BOAS now identified, responsible breeders can breed away from these traits and The Kennel Club can incorporate this evidence into its tools like Breed Watch and Breed Health and Conservation Plans."

The Kennel Club takes insights from research and feeds them into its Breed Health and Conservation plans, so that it can work with breeders to give information and guidance about how to ensure the future health of pedigree breeds. These plans, which enable The Kennel Club to track progress and make meaningful changes to breed health, have been developed as a result of reviewing more than 4,000 research papers, making the project the most comprehensive review of pedigree health data anywhere in the world.

Charlotte added: "It also provides an evidence base which will enable us to

expand our ground-breaking breathing assessment, the University of Cambridge/Kennel Club Respiratory Function Grading scheme, for Boston Terriers.

"While breeders now have more information to make healthier breeding decisions, we also urge prospective owners to prioritise health over appearance when choosing a dog. Decisions should not be driven by celebrity trends or social media influence but by finding breeders who use the health tools available and prioritise non-exaggerated features, ensuring that health comes first, as described in the breed standard."

The full research can be found [here](#).

More information about brachycephalic dog health and The Kennel Club/University of Cambridge BOAS research and breathing assessment is available at [thekennelclub.org.uk/brachyhub](https://www.thekennelclub.org.uk/brachyhub).

"This research enables us to understand more about these complex issues and take action"

Changes to DNA control schemes to protect the UK dog population and maintain breed health

The Kennel Club has approved the introduction of an import control scheme to continue to encourage the use of overseas dogs in breeding, whilst protecting the UK population from DNA mutations being reintroduced.

Following consultation with the breed clubs as part of the Health Standard process, The Kennel Club has identified several breeds that have successfully bred away from harmful DNA testable conditions within the UK bred population, however during engagement with Breed Health Co-ordinators, clubs have communicated concerns that mutations could be reintroduced through the use of imported dogs.

As such, dogs of any of the following breeds imported from the 6 January 2025 that are to be registered with The Kennel Club will be required to be DNA tested clear or carrier, or have proven hereditary status, for the pertinent mutation from one of The Kennel Club's approved laboratories. This restriction also applies to the use of AI from an overseas stud dog, and for the sires of bitches imported in whelp.

The breeds for which this restriction will be applied are as follows:

- **Italian Spinone:** cerebellar ataxia (CA)
- **Large Munsterlander:** hyperuricosuria (HUU)
- **Poodle (Standard):** progressive retinal atrophy (prcd-PRA)
- **Poodle (Standard):** progressive retinal atrophy (PRA (rcd4))
- **Saluki:** neuronal ceroid lipofuscinosis (NCL)

Similarly, several breeds have succeeded in eradicating mutations from their breeding population through the use of full control schemes, whereby all dogs used for breeding must be DNA tested or proven hereditary status, whether they be UK bred or overseas, and as such registration restrictions from the 6 January 2025 will be removed as above to control imported dogs only. The breeds are as follows:

- **Briard:** congenital stationary night blindness (CSNB)
- **German Wirehaired Pointer:** von Willebrand's disease (vWD Type II)
- **Irish Red and White Setter:** canine leukocyte adhesion deficiency (CLAD)
- **Irish Setter:** canine leukocyte adhesion deficiency (CLAD)
- **Irish Setter:** progressive retinal atrophy (PRA (rcd1))
- **Welsh Corgi (Cardigan):** progressive retinal atrophy (PRA (rcd3))

Finally, the Otterhound, which currently has an import restriction in place for the control of Glanzmann's thrombasthenia, in the form of restriction of litters but not the parents themselves, will also be moved to this restriction to ensure that any imported dog is tested prior to being bred from.

The use of carrier dogs is encouraged where used in a combination that will not produce affected puppies, so as to not deplete the breed's genetic diversity through heavy selection. Further information can be found here.

Bill Lambert, Health, Welfare and Breeders Services Executive at The Kennel Club, commented: "Working together with

our communities is absolutely crucial if we are to ensure a healthy future for pedigree dogs and encourage breeders to do the right thing. This change should help to protect the UK dog population and continue to encourage breeders to consider using overseas dogs in their breeding programmes responsibly.

"We commend our breeders and clubs for their efforts in eradicating harmful conditions and using the resources available to make responsible, balanced and informed decisions."

The Kennel Club will only recognise test results that have been issued by laboratories on its approved list, which can be found here. Laboratories not included on this list will not be recorded. Owners are reminded that it is mandatory that the dog's microchip (or tattoo) is recorded along with either the dog's registered name or registered number on any DNA certificates.

Test results will be published on The Kennel Club website via the Health Test Results Finder. DNA test certificates should be scanned and emailed to hbs@thekennelclub.org.uk.

To find out which DNA tests are relevant to your breed, visit thekennelclub.org.uk/breeds or the Kennel Club's DNA Testing Services.

The Kennel Club constantly reviews DNA testing schemes in conjunction with breed clubs to ensure that breeders are supported with resources which help them to make responsible breeding decisions. It works alongside breed clubs and Breed Health Co-ordinators in a collaborative effort to improve the health of pedigree dogs and is happy to consider a club's request to add a new DNA test to its lists. A formal request from the breed's health coordinator or a majority request from the breed clubs is normally required to do this.

The health team at The Kennel Club can be contacted via health@thekennelclub.org.uk

Members of the Senedd show support for responsible dog breeding

In December, around a fifth of MSs in Wales joined The Kennel Club and James Evans MS at an event held in the Oriel at the Welsh Senedd, to find out more about the dog welfare organisations' health testing initiatives, as well as the wider work being done to help improve overall dog health.

The Kennel Club offers over 100 DNA tests and health screening schemes, including The Kennel Club/University of Cambridge Respiratory Function Grading scheme, which enables vets to assess Bulldogs, French Bulldogs and Pugs, for breathing issues, detect disease and provide advice for owners. In 2023, the organisation also launched the report, 'Play Your Part: Breeding, Buying and Bringing Up Brachycephalic Dogs Better', which details the

"Puppy buyers should always look for a breeder that prioritises health"

collaborative measures that need to be taken by the puppy buying public, breeders, vets, Government and The Kennel Club to protect and improve the health of current and future generations of brachycephalic breeds.

The report, and more information about what The Kennel Club is doing to improve brachycephalic health, is available at thekennelclub.org.uk/playyourpart.

The Kennel Club also supports responsible breeding and puppy buying, and is calling on the Welsh Government to support low-volume, responsible home breeders and invest in more education around buying a dog and responsible ownership. Recent data released by the

organisation revealed that a third (32%) of owners in Wales spent less than a day researching their puppy buying decision – with thousands then being duped by rogue breeders.

Holly Conway, Head of Public Affairs at The Kennel Club said: "We are delighted to have welcomed, and engaged with, so many Members of the Senedd around the importance of responsible breeding and our health schemes.

"Puppy buyers should always look for a breeder that prioritises health – including low-volume home breeders – so we were pleased to discuss with the Welsh Government how we can better support these breeders and ensure they are not unintentionally impacted by dog breeding Regulations."

More information on what The Kennel Club does for dog health and responsible breeding is available at thekennelclub.org.uk/health-and-dog-care/.

News from The Kennel Club

43 Cockers take part in Cocker Spaniel Championships

The Cocker Spaniel Championship was held from 2-3 Jan at Ayot Shoot, Welwyn Garden City, Hertfordshire and was won by FT Ch Kiltonbeck Nahar of Tomlinswood, owned and handled by James Elliott.

43 Cocker Spaniels ran over the two days in this prestigious event, which was managed by the The Kennel Club's Field Trials department and The Spaniel Championship Working Party.

The Kennel Club to reintroduce recording of two DNA tests following laboratory acceptance

The Kennel Club has announced changes to the list of laboratories it will accept DNA results from in order to align with the changing landscape of the genetic testing industry.

As of January 2025, the University of Missouri and the Orthopaedic Foundation for Animals will be reintroduced to the list of recognised, accepted laboratories, having provided the necessary information requested by The Kennel Club.

Importantly, this will mean that two tests – adult-onset neuropathy (AON) in the Cocker Spaniel and degenerative encephalopathy (DE) in the Nova Scotia Duck Tolling Retriever – that were previously de-recorded due to only being offered solely by these two laboratories, can now be re-introduced.

Test results will be added to the dog's registration details which will trigger the publication of the result in the next available Breed Records Supplement and on the Health Test Results Finder on The Kennel Club website.

Results for dogs already tested can also be recorded, but owners will need to submit copies of the DNA certificates themselves. DNA test certificates should be scanned and emailed to health.results@thekennelclub.org.uk.

More information about DNA testing is available via a webinar delivered by The Kennel Club's geneticist, Dr Joanna Iliska.

Owners are reminded that:

- From August 2018, it is mandatory that the dog's microchip (or tattoo) is recorded along with either the dog's registered name or registered number on any DNA certificates. Any test results issued after that date that do not carry these identifying features will not be accepted.
- The Kennel Club has a set of criteria that it requests DNA testing laboratories to meet to enable it to record their results, helping to maintain and protect the integrity of results that appear on a dog's records. The Kennel Club has updated the list of laboratories that it accepts results from and strongly advises that customers ensure their chosen laboratory is included on its revised list if they wish The Kennel Club to record and publish the results. Results from laboratories not included on this list will not be recorded.

To find out which laboratories The Kennel Club is able to record results from, please refer to its website. To find out which DNA tests are relevant to your breed, visit thekennelclub.org.uk/breeds-a-to-z.

THE KENNEL CLUB

The Emblehope & Burngrange Estate Northumberland

A Centre of Excellence for Working Dogs

This beautiful moorland estate stretches to some 7,550 acres and is absolutely ideal for walked up trialling and training for Retrievers, Spaniels and HPRs. The estate offers both Pheasant and Partridge shooting and the varied terrain offers opportunities for all breeds of Gundog to demonstrate their natural working abilities. Woodland cover provides excellent hunting for Spaniels whilst the stretching moorland is ideal for challenging retrieves and for the pointing breeds to show off their hunting abilities to the full.

As a Centre of Excellence for Working Dogs, the Estate also welcomes the full range of working dog activities including:

- Field Trials including Pointer and Setter Spring Stakes
- Gundog Working Tests
- Gundog Training Days
- Live Game Training Days
- Pointing Tests
- Working Trials
- Bloodhound Trials
- Activity Training Days
- Shooting and Gundog Activities

Book your training activities with the Emblehope Estate:
thekennelclub.org.uk/emblehope | emblehope@thekennelclub.org.uk
