This tally sheet is designed to assist judges in recording health observations during their appointment. While it is an optional aid and should not be returned, it is a valuable tool for accurately recording the number of dogs with concerns. Using this sheet ensures that a definitive number can be provided, rather than terms like "some" or "a few," which do not offer meaningful data. This tally sheet does not replace the mandatory online form. Please complete the online form at https://bit.ly/3YcHd7D.

Points of Concern	Tally	Total
Signs of respiratory difficulty or distress (laboured or rapid breathing, excessive respiratory effort, respiratory noise)		
Exaggerated roach in the top line		
Signs of dermatitis irritation in skin folds, and/or hair loss or scarring from previous dermatitis		
Excessively undershot jaw		
Tail too short to cover the anus, screw tail, inverted tail or a tight tail		
Pinched nostrils		
Short neck		
Protruding eyes		

## The table below is for recording any health concerns observed in the entry that are not breed-specific points of concern.
